ahm roadside assistance benefits and conditions

Automotive assistance

We will arrange, where it is possible and safe to do so, most common Breakdown related problems, including: inflation of a flat tyre, replacement of a flat tyre with the Vehicle's serviceable spare, and jump-starting of a flat battery. Where appropriate, this may also include providing practical tips or advice (on a reasonable endeavours basis) in relation to simple Vehicle operation, safety warnings or lights that may appear, or practical information regarding the Vehicle.

Minor automotive repairs

We will arrange for minor Breakdown related repairs to be carried out where it is possible and safe to do so. However, if major parts or factory diagnostic equipment are required, the Vehicle will be transported to the nearest Authorised Repairer. The cost of repairs, including labour and any required parts, will be Your responsibility.

Flat batteries

If Your battery is flat, We will arrange for a jump-start or coordinate a replacement battery if required. We do not cover the cost of the replacement battery but We can arrange the supply as part of Our service.

Emergency fuel

If You run out of fuel, We will arrange for the delivery of enough fuel to allow You to reach the nearest petrol station. If You drive an LPG fuelled Vehicle, We will arrange for the towing of Your Vehicle to the nearest petrol station. The delivery is free, and the maximum value of fuel provided is \$10.

Flat tyres

If You have a flat tyre, We will arrange for it to be changed with the Vehicle's serviceable spare wheel, or transport the Vehicle to an approved tyre outlet. Should additional services be required for any reason, these services would be at Your cost.

Lost or locked keys

Where the Vehicle's key has been lost or stolen, or has been locked inside the Vehicle, We will contribute \$50 to either arrange for the spare key to be delivered, or arrange for a locksmith to attend. In the event You insist the Vehicle be broken into to recover keys locked inside it, We will not, under any circumstances, be responsible for any loss or damage that occurs to the Vehicle as a result, nor for the cost of a replacement key if required. Due to contractor limitations, this service may not be available in all cases.

If the Vehicle cannot be mobilised on the roadside, We will arrange for the Vehicle to be towed to the Nearest Repairer as soon as practical (up to 20km in a metro area, and up to 100km in regional areas).
