\* This Key Fact Sheet is a guide only. The examples provided are only some of many conditions, exclusions and limits in this policy. You must read the PDS and policy documentation for all information about this policy.

## STEP 3 Other things to consider

Limits

This policy has restrictions that limit your cover for certain events and items, for example there is a cover limit for the additional benefit 'Fire brigade charges' of \$500 for Basic cover and \$750 for Comprehensive cover. Higher limits apply to Comprehensive cover. To find out these limits you need to read the PDS and other relevant policy documentation.

### Excesses

If you make a claim, the excess is the amount you may have to pay for each incident. A number of different excesses may apply in respect to this policy, for example you can select an excess but in certain cases a fixed excess may apply instead under specific covers, such as the \$500 excess that applies for any claim made under the insured events Flood and Earthquake. You may be able to increase these excesses to lower your premium. For more details, please read the PDS and other relevant policy documentation.

### Legal liability

This policy covers your legal liability when you are found to be legally responsible for damage or personal injury to a third party or their property. The most we will pay for any event(s) arising directly or indirectly from the one original accident/event, source, or cause is \$20 million in total under this and any other policies issued by us that cover you. You should read the PDS carefully to determine the extent of this cover.

### Cooling off period

If you decide you don't want this policy within 14 days of it being issued and you haven't made a claim, you can cancel it and receive a refund.

### Maximum level of cover offered by insurers

Insurers offer different maximum levels of cover in the event of loss or destruction of your home including where:

- You set the maximum level of cover and your payout is limited to that amount\* (*Sum insured*).
- You set the maximum level of cover and the insurer may provide you with some agreed extra cover above that amount (*Sum insured plus safety net*).
- The insurer will cover all the reasonable costs to rebuild your home (*Total replacement*).

\* the insurer may provide some cover above this amount

You should consider which type of cover is best for you.

A failure to adequately insure your home may result in underinsurance.

**Warning: this Key Facts Sheet sets out some of the conditions, exclusions and limits in respect to this policy. You should read the PDS and all policy documentation for all the conditions, exclusions and limitations of this policy that limit or exclude cover.**
